

ToonTalk 2 Fact Sheet

ToonTalk 2 Description

ToonTalk 2, published by Animated Programs, is the first animated computer programming tutorial for children. Designed to teach the basics of programming, including constructing, debugging and running programs, in a fun-filled animated interactive world, ToonTalk 2 gives children the knowledge and skill sets to program their own creations. In ToonTalk 2, programming is made easy for children to understand and implement. They learn while enjoying the environments of ToonTalk 2, which include puzzle games, problem solving and narrated demonstrations.

ToonTalk 2 Key Features

- Teaches children computer programming in a fun and supportive environment.
- Educational skills include puzzle solving, logic problems and critical thinking.
